

AMUNDSEN OFF
ON ARCTIC TRIP

Nome, Alaska, Aug. 8.—Capt. Roald Amundsen left here yesterday on his ship *Nautilus* for a cruise in the Arctic. Though Capt. Amundsen has been in the Arctic for more than 19 months, he said his real voyage would only begin with his departure from Nome to drift northward in an ice pack. He said he would lay his course west of Wrangell island and toward the Siberian islands, keeping in open water as long as possible until he found a favorable place for striking directly northward, probably in the vicinity of where the *Jennette* of the James Gordon Bennett, Jr., expedition foundered in 1912.

LITTLE ALABAMA
GIRL HAS SPASM
CUTTING TEETH

The little daughter of Mrs. C. H. Padgett, of Ammon, Ala., had high fever and began to have spasms while she was cutting her teeth. Mrs. Padgett writes the following: "I only have two children and both are girls. When my oldest little girl was cutting her teeth I used Teething with her and she came through fine shape. The baby seemed to be getting along so well at teething time that I did not buy Teething for her. Then she began to have awfully high fever and would have spasms so I bought a package of Teething and began to give it to her. She is doing nicely now and has not had any more fever or spasms. "If your druggist doesn't sell Teething send thirty cents to the Moffett Laboratories, Columbus, Ga., and you will receive a full size package, together with a little booklet entitled 'Teething' from which you will get valuable information.—Adv."

SOME BABY GOOD
CRAWFORD BILL

"Some Baby," the second week's offering of the Otis Oliver players at the Crawford theater, took well with the Sunday night audience at the Crawford theater and should enter into a lot of people this week, for it is very funny and is well produced. The manner of the presentation Sunday night showed careful and hard rehearsing, comparing it with the last production of a week ago. Every member of the cast was well in the lines of the show and it went with considerable pep and vim for a first performance.

The story of the play revolves about a supposed discovery of an alibi of youth by an aged doctor and the supposed effect it has upon an aged man and a young woman. The unexpected appearance of two babies and the disappearance of the two persons supposed to have swallowed the alibi furnish the cause for the complications and the laughs.

Oliver himself, in the role of the old doctor, gets much out of the part and appears to better advantage than in more youthful parts, for he is a clever actor and gives more satisfaction to his audience when given an opportunity such as he has in this week's bill. His supporting people are well cast and the vaudeville numbers between acts are good. Miss Mabelle Davis is an artistic dancer, who would win applause on any bill. Charles Hooker is also as good a dancer as he is a juvenile actor in the bill. Miss Fanny Currier sings as well as she looks, which means that she sings well. Altogether, the offering is worthy of good patronage. G. A. M.

HANKER'S GRIP STOLEN. R. J. Crandall, a banker of Columbus, N. M., reported to detectives Sunday night that his grip was stolen from the sidewalk in front of a cafe here, where he had left it for a short time. The grip and contents were valued at \$100.

THIEVES STEAL PAN. Thieves stole a electric fan from the Coffee Joe confectionery, 401 South El Paso street, Sunday, according to a report to city detectives.

Sell Liberty Bonds to Carlin & Co.—Adv.

EL PASO IS HOST
TO CONVENTIONS

El Paso will be host to at least six conventions to be attended by more than 5000 delegates between now and next March 15, according to records at the chamber of commerce. Inasmuch as it is estimated that each delegate to a convention spends an average of at least \$4 a day, and as the conventions will average about five days in duration, their coming means an added revenue of almost \$100,000 to local business men.

October of the present year is the time set for two of the meetings. The state convention of the Eastern Star, to be attended by from 1000 to 1500 delegates, is to be in session on the first Tuesday of that month, while the Texas League of Women Voters, expected to be attended by at least 400 delegates, meets the following week.

Baptists Have Largest Meet. The largest of the conventions to meet in El Paso is approaching. Months will be in session on November 11, 1920, when the state Baptist association, to be attended by more than 3000 delegates, will be called to order for a session of several days.

Some time during the fall, the date not yet having been set, the National Mohair Growers' association is to hold its convention. While it is rarely attended by more than 100 delegates, its importance lies in the rapid growth in the southwest of the industry it represents.

In January, the American Live Stock association is to meet, with more than 500 delegates, while in the following March, the annual convention of the Panhandle & Southwestern Stockmen's association will be held here, with at least 1500 representatives expected.

Other conventions probably will be brought to El Paso for 1921. It is believed at the chamber of commerce. Several others are to be invited, and it is expected that the state associations of Arizona and the American legion convention will be guests of the city in 1921.

In addition, several other smaller conventions have selected El Paso as their 1921 meeting place. The state organization of undertakers and serving railway men's associations already have designated El Paso for their meeting, and it is probable that others, whose the chamber of commerce were not active in procuring have selected this city.

TO SUBSTITUTE ARMY CORPS
FOR SOUTHERN DEPARTMENT

Washington, D. C., Aug. 8.—The southern department of the army at San Antonio, which is to be abolished in the near future with the other five departments and the army will be substituted in all probability will remain as one of the new corps with nearly the same boundaries as now exist, according to information obtained at the war department today. Officers of the general staff said that the new "corps" area, which will replace the southern department probably will include all of Texas, Arizona and New Mexico. The northern department will be omitted from the new southern department.

Officers said that it may be some time before the new areas are established and the general staff has not yet completed all details of the reorganization.

REARRESTED AND SENTENCED. Within a few hours after he had completed a 300-day vagrancy sentence at the city jail, Louis Valenzuela was arrested by police sergeant E. C. Houston on South Kansas street. In police court the man was given another sentence of 30 days, after being accused of being around a house which was not his own.

WOMAN FIRES THREE SHOTS. AT MEN BREAKING IN HOME. Mrs. T. Boudreaux, of 605 Mesa avenue, shortly after midnight Sunday heard someone at the screen window of her bedroom. She got up and saw two men cutting the screen from the cash. She fired three shots, but missed them.

AUTOMOBILES COLLIDE. A Volkswagen, chauffeur, narrowly escaped injury Sunday when his automobile collided with an automobile driven by L. M. Frank, mechanic, at Santa Fe and Missouri streets.

OFFICIALS CALL
GIBSON SLAYER

Phoenix, Ariz., Aug. 8.—Every doubt was removed yesterday that Moss Gibson, under sentence of death at San Quentin for the Trapp murder near Los Angeles, was also the murderer of Mr. and Mrs. Jacob Ehrhardt near here early last June, according to a statement by sheriff Montgomery and county attorney L. A. May, of Maricopa county, received here today in a dispatch to the Arizona Republic.

The Maricopa county officers closely questioned Gibson at San Quentin yesterday, asserting Gibson manifested such familiarity with the premises and details of the crime that both officers were convinced beyond any doubt that he committed the crime, the dispatch said.

His description of every room of the house, the drawers, trunks, boxes and the wardrobe, all of which had been rifled, the way in which entrance to the house was gained; the exact spot where the victims were struck down; the location of the house with respect to the railroad track; the canal and the vacant lots; the location of the trees, shrubbery and outbuildings; the place where the murders were committed was thrown in conformity to the known facts. Gibson related all these details without leading questions from the officers, and throughout his narration he maintained a cold-blooded calmness, according to the report received from the Maricopa officers.

MUNICIPAL BATHING BEACH
TO OPEN EARLY NEXT WEEK

Indications are that the municipal swimming pool at Washington Park will be ready not later than the early part of next week, according to city engineer W. C. Stewart.

Water from the duck pond at the park will be turned over a spillway into the pool Tuesday afternoon, according to present plans. To test the bottom of the pool, which will be drained immediately after the test, has been completed.

A complicated filtering process will insure clean water. Water first will flow from the irrigation canal into the duck pond, through filtering devices. From the duck pond it will run over a spillway to rid the water of sediment.

RELEASE OF CARS BY ARMY
RELIEVES RAILROAD TIE-UP

The congestion of rolling stock on the Mexican national railway lines has been greatly relieved since the heavy movement of military units has ceased, according to J. M. Carpio, chief clerk of the national lines, who arrived in Juarez Sunday for an investigation of railroad conditions in northern Chihuahua.

Between 2000 and 4000 freight cars have been turned back to the road by the military authorities, it was stated by Senior Carpio.

THE COURTS.

54TH DISTRICT COURT. Judge W. B. Howe, presiding. *Mary vs. J. B. Howe*, suit for debt; filed. *Mary C. Gillespie vs. G. H. Gillespie*, divorce; petition filed. *Refugio Howard vs. George E. Howard*, divorce; petition filed.

INDIANS KILL 4
IN RANCH RAID

Indians raided the Harst ranch near San Miguel Bahiaca, about a week ago, killing four farmers and making off with a large number of cattle. News of the raid reached Juarez Sunday evening.

While it is not known what tribe the raiders were from, it is believed they came from the territory near San Andres del Rio on the west side of the Sierra Madre mountains.

Panic was created among the people in the neighborhood of the raid and a number of farmers armed themselves and prepared to defend their homes. A group went in pursuit of the Indians, but were not successful in finding them.

EL PASO WILL HELP PLACE
ORPHAN CHILDREN IN HOMES

In order to help carry on the work of the Texas Children's Home and Aid society, persons interested in child welfare have organized an El Paso board of representatives for the society, with Mrs. M. P. Schuster as president. The society was organized 25 years ago by the late Rev. L. E. T. Morris, of Fort Worth, Texas, who founded a home for children, especially for babies, at Polytchnic, near Fort Worth. The society now has cooperating boards in most of the large counties. The duties of the boards are to help place orphan children in respectable homes.

The other members of the El Paso board are: Mrs. Charles B. Stevens, secretary; Miss Gustave Zork, Mrs. O. J. Criss, Mrs. M. P. Schuster, Mrs. Fender B. Carter, Mrs. J. G. McGrady, Mrs. Joseph Spence, Mrs. R. E. Thompson, Mrs. L. M. Peterson, Mrs. Teister, Bishop, J. J. Schuler, Mrs. Martin Zelenka, J. B. Gwin and Dr. T. J. McCannan.

DIAMONDS, PISTOL AND CASH
STOLEN WHILE MAN SLEEPS

A gold ring containing a black diamond, an automatic pistol and \$31 in cash, were stolen from the room of Fred Martin, a carpenter, 412 Wyoming street, Sunday night, according to a report he made to city detectives Monday.

Martin said he placed the ring, revolver and money under his pillow when he went to bed and that the thief removed them without waking him.

The diamonds were two which had formerly been a part of a diamond drill, used by Martin when he was a prospector in Canada and Alaska.
